Lucas' father died in 2014. His mother is sick with tuberculosis. He lived with his brother in Arusha before coming to New Dawn. He has one brother and two sisters. He is concerned about his mother as they have no money to take her to the hospital. He is thankful for the opportunity to come to New Dawn. He can now sleep, eat, and study so he can pursue his goals.

Lucas thanks Jesus for protecting him and bringing him to New Dawn. He says it is by God's power that he is at New Dawn and he needs God to help him in the future.

Lucas wants to attend a University after graduating from high school to become a teacher or a doctor. He wants to help his community, particularly those who cannot afford to go to school.
